

Now worldwide: UBI4ALL Basic Income Initiative, Awarding €9,600 per Year to Lucky Recipient

[Dortmund, October 31, 2023] - UBI4ALL, a pioneering organization committed to advancing the concept of Unconditional Basic Income (UBI) worldwide, is thrilled to announce the 5th raffle of its Basic Income Initiative.

On December 17, 2023, UBI4ALL will award a life-changing €9,600 per year (€800 per month) to a fortunate recipient, transcending borders to empower individuals with financial stability.

The Global Basic Income Initiative marks a significant milestone in UBI4ALL's mission to promote freedom and security for everyone. As a precursor to this global endeavor, the organization has previously conducted four successful UBI raffles within Europe, making a tangible difference in the lives of deserving individuals. Now, with the expansion of this initiative worldwide, UBI4ALL is eager to discover where this transformative opportunity will be granted next.

UBI4ALL recognizes that their initiative would not be possible without the unwavering support of its dedicated UBI Beavers. These loyal monthly donors play a pivotal role in sustaining the organization's vision of UBI4ALL of a world where every person has access to a Basic Income that allows them to meet their essential needs.

"We are happy to have another opportunity for one of our almost 40,000 supporters to experience Basic Income for one year – no strings attached", said founder Helwig Fenner. "We are grateful for the support of our UBI Beavers, who make it possible to take this important step forward. This initiative is not only about providing financial support, but especially about the idea of Basic Income, i.e. empowering individuals, promoting innovation and envisioning a fairer future for all."

With this announcement, UBI4ALL aims to gain more attention, registrations, and support for the common good cause. The organization calls on individuals, companies and associations to join the UBI movement for a more just and prosperous world for all.
